Mrs Chapman

Dear and esteemed friend

Be assured it gives us pleasure to aid you in the collection of the winter green for the decoration of the Hall for the Bazaar.

We have already collected a load or nearly half a ton and should the weather prove favorable a few days we hope to collect more.

Mr Weston will furnish you with a barrel of nice apples for the Bazaar and we hope to do more for the refreshment table than ^{we} have any preceeding year. Our society hold ~~this~~ annual meeting next month and I shall use my influence as far as possible to have the avails of this year go to ^{the} Mass. A. S. Society although most of them are very much afraid of Garrisonianism and feel but little interest in the cause.

N. B. Mr Weston will see you soon with regard to the hoops.

Yours for the cause

E. E. Weston.
